9/10/67

Dear Steve,

The reasoning in your letter of 9/7 is sound. There are, however, additional reason for carrying this forward if at all possible, and that is what I want to do. In part, it involves establishing a number of things, one of which is damages. In part, it means establishment of a record.

I have heard little more from Oswald in New Orleans because I have left that up to Parallax so I can do other things. Hal Verb told me night before last that someone out there has a set of galleys and is making copies. Jones Harris told me last night that he expects copies of the book in 10 days-two weeks. I have a hope they can break through the distribution bottleneck. We'll see.

Thanks for the Kupferman release. Seeing him Wednesday.

Best Wishes,

Hal
